

Quality and Environmental Policy

It is Berry & Escott's policy to supply products and services and set objectives to ensure customer satisfaction is met.

We will strive for continual improvement of the QMS & EMS to enhance quality and environmental performance.

We are committed to meeting all customer needs, all of the time.

The company will seek to minimise the environmental impacts associated with our design, manufacture and assembly of products and provision of services, and where it can influence other factors. We aim to achieve this with a fully integrated and committed workforce who desire to be the best.

The company will ensure processes or actions will aid in the protection of the environment.

We will comply with applicable environmental legislation and other environmental requirements, to which the company subscribes, as well as our customer, and applicable statutory and regulatory requirements.

Our quality and environmental objectives and targets are defined within the Quality and Environmental Integrated Management System, and are communicated to all employees.

We are committed to:

- Conducting regular management reviews to ensure we are reviewing objectives and targets and continually improving the effectiveness and performance of our Integrated Management System.
- Maintaining our Quality and Environmental Integrated Management System, and complying with the requirements of ISO9001 and ISO14001.
- Being open about our environmental activities with all stakeholders including employees, customers, suppliers, neighbours and regulators.
- Providing environmental awareness training and involving all employees in our environmental improvement programme.
- Minimising waste through reuse and recycling, sending waste to landfill as a last resort.
- Minimising energy usage by involving all members of staff in energy conservation initiatives.
- Preventing pollution through training and education.
- Considering environmental aspects within our design, manufacturing and fabrication capabilities.
- Aiming for zero customer complaints, delivering goods and services of the correct quality on time and in full.
- Delivering customer value.
- Increasing efficiency and productivity with a stable workforce.

This policy is not in any way restricted, it is displayed around the company site and is available to all interested parties on request.
